

Sinclair Broadcasting Corporation intends to instruct their 62 local stations to air "Stolen Honor", an anti-Kerry piece, two weeks before the Presidential election. This should not be done on Public airwaves, which are required by law to serve the public interest. At the very least, the pro-Kerry film, "Going Upriver" should be given equal airing time, immediately before or after. I do believe, however, that the Public is better served by airing debates, press conferenced and town meetings rather than films skewed in either direction. "Stolen Honor" should be reserved for a private venue or video/CD sale as was "Fahrenheit 911" and "Going Upriver". So much has been taken from us already. Please help us restore our dignity.
